

Antimicrobial Resistance Symposium: Challenges and Solutions to the AMR Crisis

9 - 11 Sep 2024 | Singapore

Day 1: Understanding the AMR Burden
Day 2: AMR Challenges and Innovations
Day 3: AMR Innovations and Strategies

Organised and Supported by:

Singapore National
BIOFILM
Consortium

Infectious Diseases Translational
Research Programme
Yong Loo Lin School of Medicine

LEE KONG CHIAN
SCHOOL OF MEDICINE

SCELSE
Singapore Centre for Environmental Life Sciences Engineering

CALL FOR ABSTRACTS

This symposium will be attended by academic as well as industry experts who are interested in understanding the challenges and solutions to the Antimicrobial Resistance Crisis. The symposium will offer networking, focus group discussions & poster presentations and hence foster future collaborations. The conference also provides an opportunity for graduate students and early career researchers in this field to further expand their understanding of the topic and broad scope of applications.

The themes and highlights for this symposium are:

1. AMR burden, epidemiology, genomics
2. Plasmid transmission and evolution of resistance
3. Industry perspectives on AMR solutions
4. Biofilms and microbiomes
5. Mechanisms of drug resistance
6. Alternative therapies and drug discovery
7. Vaccines and antibodies

Please submit your abstracts for the upcoming conference on **“Antimicrobial Resistance Symposium: Challenges and Solutions to the AMR Crisis”** to be held in Singapore.

General guidelines for abstract submission

- Short and concise title.
- Abstracts comprising of 300 words and 1 relevant artwork.
- Abstracts must be well written and easy to understand.
- Author's name(s), Affiliation(s) and current appointment should be clearly indicated.
- Name and official email address of the presenting author should be provided.
- Approval of all co-authors must be obtained before including their names on an abstract.
- Abstracts may be submitted for oral or poster presentation.
- A presenter may submit several abstracts.

Abstract selection

- The scientific committee will select the most relevant abstracts suitable for this conference.
- All decisions made by the Scientific Committee are final.
- Relevant abstracts may be selected for oral presentation whilst the others will be considered for poster presentation. Noteworthy abstracts showing excellent research may be subsequently selected for poster prizes and awards.

Abstract Submission Deadline: **17th June 2024**

Authors will be notified on the decision before **1st July 2024**

Submit your abstracts to AMR2024SG@gmail.com. Rename abstract file as Theme number_presenting author name (Theme1_Janedoe).
